With reference to P.W Secretary's letter
No 60 dated 11th May last forwarding
a list of objects of antiquarian interest,
I have the honor to state that for the
proper watch and preservation of the
Sri a Temble at Arsikere which is a struc-
ture of sculptural and architectural
excellence, I had provided for a caretaker
on Rs 6 per mensem to be drawn

from the Local Funds. This provision was disallowed in para 3 of Devanis Proceedings No 1877-88 Cir 44 of 10th June — the expenditure being considered a legitimate charge upon Provincial or Imperial funds. I have accordingly entertained a watcher from 25th ultimo at Rs 5 per mensem, and beg you under the circumstances to obtain the sanction of the Devan for the charge being met from the general surplus funds (Imperial).

Sir,

I have the honour to report that no attempt has been made to carry out the instructions conveyed in your letter No. 1760-61-1-90-8 dated 8th September 1890 regarding the conservation of the Siva Temple at Kerideva, but that I have been engaged in taking measures for the preservation of the Hoysala Temples at Belur and Halebid, which are in a very ruinous condition, and which require immediate attention.

2. I have also been engaged in preparing a report on the Archæological Survey of Mysore for the present year, which I hope to submit to you in a few days.

To

Sir,

In reply to your letter No. 5717/116 dated 20th Instant, I have the honour to state that no other commencement is possible for the case taking of the Temple, which since the opening of the Railway has become more necessary than ever. The Temple belongs to Abubakr village and the village Elders are willing & ready to attend to their legitimate duties

The Railway has made labour
so very dear that the least demand
made on the Jati on Virgaonti's
Census to what he considers
is not strictly his hereditary
function will drive him away
to Railway labour which is so
much more profitable & therefore
the more attractive The Patel and
Shanbhogue can no doubt look
after the watchmen but cannot
devote more attention to this
building The building has been
swept & kept clean and the roof
kept free of grass & weeds growing
in crevices. The D P W. is erecting
a compound wall also. If the
building is duly encircled for
it will give room to unpalatable

impalatable criticisms of intelligent visitors who are daily increasing in Numbers. But in accordance with the Instructions conveyed in the letter under acknowledgment orders have been issued to dispense with the restriction from 9th September. But I would again urge the necessity on the consideration of Government.

I have the honour to be,
